Summary

I am a web developer with skills in React, Node.js, HTML, CSS, and JavaScript. I have experience building websites and web applications through projects and freelance work. I enjoy creating simple, attractive, and user-friendly web solutions.

Experience

FREELANCE WEB DEVELOPER

2025 – Present

- Developed full-stack web applications for freelance clients using modern web technologies.
- Built a custom T-shirt e-commerce application with product management, image uploads, and backend integration using React.js, Node.js, Supabase, and Cloudinary.
- Focused on responsive UI/UX, cloud-based media management, and efficient application performance.

PROJECT DEVELOPER

Llo-messaging app

- Developed a real-time messaging platform using React, Node.js, Express, and Socket.io 🔗.
- Implemented instant messaging, voice/video calling, media sharing, and an AI-powered chat assistant.
- Designed a modern glassmorphic user interface with responsive layouts and smooth animations.
- Integrated MongoDB Atlas and Cloudinary for scalable data and media management, and deployed the application using Vercel and Render.

Next-stop

- Developed a smart bus tracking system with real-time location monitoring and automated stop notifications.
- Implemented a QR-based student verification system for secure and efficient boarding.
- Built an admin dashboard to manage routes, students, announcements, and fee records.
- Developed using React, Node.js, and Supabase, with a responsive UI designed using Tailwind CSS and Framer Motion.

EDUCATION

BACHELOR OF COMPUTER SCIENCE, *EMEA College of Arts and Science, Kondotty*

2023 – 2026

SECONDARY SCHOOL, *PPMHSS Kottukara, Kondotty*

2020 – 2022

SKILLS

- | | |
|-----------------------|-----------------------|
| • Web Development | • React.js & Node.js |
| • UI/UX Design Basics | • Supabase & Firebase |
| • Problem Solving | • Git & GitHub |

ADDITIONAL

Connect Community

- Organized hackathons, bootcamps, and technical events for Computer Science students.
- Guided and supported students in learning web development and programming.
- Collaborated with team members to plan and manage community activities.
- Developed leadership, teamwork, communication, and event management skills.
