Summary

I am a full-stack web developer skilled in React, Next.js, Node.js, TypeScript, PostgreSQL, and Supabase. I have experience developing ERP and business management applications through freelance work and personal projects. I focus on building scalable, responsive, and user-friendly web solutions.

Experience

FREELANCE WEB DEVELOPER

2025 – Present

- Developed and deployed full-stack web applications for clients using React.js, Next.js, Node.js, and Supabase.
- Built business applications including ERP, inventory, and management systems with responsive UI/UX.
- Integrated REST APIs, PostgreSQL databases, authentication, cloud storage, and third-party services.

PROJECT DEVELOPER

AI-Powered ERP System [🔗](#)

- Developed a full-stack ERP platform for managing Inventory, Sales, CRM, Procurement, Finance, and HR operations.
- Implemented authentication, automated stock management, invoicing, payment tracking and business workflows.
- Integrated an AI Business Assistant connected to real ERP data for business queries, insights, and decision support.
- Enabled AI to understand natural-language commands and perform authorized ERP actions, with English, Malayalam, and Manglish support.

Llo-messaging app

- Developed a real-time messaging platform using React, Node.js, Express, and Socket.io [🔗](#).
- Implemented instant messaging, voice/video calling, media sharing, and an AI-powered chat assistant.
- Designed a modern glassmorphic user interface with responsive layouts and smooth animations.
- Integrated MongoDB Atlas and Cloudinary for scalable data and media management, and deployed the application using Vercel and Render.

EDUCATION

BACHELOR OF COMPUTER SCIENCE, *EMEA College of Arts and Science, Kondotty*

2023 – 2026

SECONDARY SCHOOL, *PPMHSS Kottukara, Kondotty*

2020 – 2022

SKILLS

Web Development	React.js & Next.js
TypeScript & JavaScript	PostgreSQL & Supabase
Node.js & REST APIs	Git & GitHub

ADDITIONAL

Connect [🔗](#), college community

- Organized hackathons, bootcamps, and technical events for Computer Science students.
- Guided students in web development and programming while collaborating on technical activities.
- Developed leadership, teamwork, communication, and event management skills through community initiatives.
